

IKKA

NEWSLETTER

Official Newsletter of the International Kenpo Karate Association Volume 4 Edition 5 September 1991

DEAR IKKA MEMBERS,

Included in this issue of the newsletter are important seminar and testing dates as well as policy revisions from the Regional Directors and Foreign Representatives meeting held on August 2, 1991 in Long Beach, California. This was the weekend of the International Karate Championships where (for the first time) special kenpo workshops were held. We're happy that many of you were able to participate in these workshops which we'll be including as part of the IKC every year.

We appreciate the response from many of you who have given us feedback and ideas about the structure and progress of the IKKA. We encourage those who would like to be an active part of the IKKA to contact your Regional Representative or the Board of Directors so your ideas can be heard.

Policy changes have become necessary to better suit the needs of IKKA members. Please read carefully some of the new revisions. If you have any questions, please contact your Regional Director.

Sincerely,
IKKA Board of Directors

1ST ANNUAL MEETING OF REGIONAL DIRECTORS

August 2, 1991 was the first annual meeting of the Regional and Foreign Representatives of the IKKA. The meeting lasted over 4 hours and was very positive and productive. The following policy revisions were voted on at the meeting and will now be in effect:

- 1) IKKA members may belong to more than one Martial Arts organization but not to another Kenpo organization other than the IKKA.
- 2) Large patches and IKKA shoulder patches must be worn in the correct places.
- 3) Instructors (2nd Black & up) may promote their students up to and including 1st Brown.
- 4) Affiliate status will be given to new schools who are learning American Kenpo and working their way up in the system.
- 5) Black belt testing must be coordinated through your Regional Director.
- 6) Black belts testing must have proof of their current rank.
- 7) Testing Certification for 5th degree black and above will be held semi-annually. Upcoming testing dates are February 15 and August 14, 1992. You may contact your Regional Director for testing requirements.
- 8) For those advancing from 7th to 8th degree black belt, there must be a minimum of three who advance together to provide a check and balance.
- 9) There will now be a "State" Representative in each state (names TBA) to assist the Regional Directors.
- 10) New members coming in from other martial art styles must wear belt tips that reflect their rank in kenpo.
